## BOOK DEPOSITORY.

The Committee appointed under the resolutions of the last Conference, to decide upon a plan for the establishment of a Book Depository, and for the circulation of books throughout the Conference, beg leave to Report :

They met in Macon on the 16th of March, there being present—W. J. Parks, Jas. E. Evans, E. H. Myers, J. Blakely Smith, O. L. Smith, C. R. Jewett, W. J. Sassnett, Joseph S. Key, G. J. Pearce, of the Conference.

Albon Chase, G. B. Haygood, T. M. Furlow, James M. Chambers, laymen.

After mature deliberation, it was thought best to establish a Depository in Macon, under the charge of Rev. John W. Burke, (who had been appointed agent of the Tract Society,) under the following Constitution :

### CONSTITUTION OF THE BOOK AND TRACT SOCIETY OF THE GEORGIA CONFERENCE.

**ART. 1.** This Society shall be known as the Book and Tract Society of the Georgia Conference M. E. Church, South.

**ART. 2.** The Society shall have a DEPOSITORY located in the city of Macon.

**ART. 3.** The operations of the Depository shall be confined to the purchase and sale of our own publications and other religious books ; to which may be added such classical and school books, as are used by Methodist Colleges and Schools—including Stationery, provided, that the Agent be allowed to order any unobjectionable books to fill orders received by him. Its sales shall be, as far as practicable, for cash.

**ART. 4.** The business of the Society shall be conducted by a Book Committee, composed of six members of the Conference, and six laymen to be elected by the Conference, and the Agent, who shall be elected by the Book Committee.

**ART. 5.** The Book Committee shall meet annually on the third day of the Conference session, and cause a report, setting forth the state of the Depository, to be made to the Annual Conference, at which time an election shall be held for the Book Committee.

**ART. 6.** The Book Committee shall appoint three of its own number as an Executive Committee, who shall meet, at least, once a quarter to receive the report of the Agent, and give him advice, if need be.

**ART. 7.** The Agent shall travel through the Conference, (as much as may be consistent with other interests of the Depository,) presenting its claims, and take, or cause to be taken, collections therefor, in all our congregations.

**ART. 8.** On the first of December in each year, the Agent shall take an account of stock on hand; making reasonable deductions from cost prices on such portions as may from any cause, have depreciated in value. To this inventory shall be added a statement of his other assets, estimating, as nearly as possible, the value of bad and doubtful debts, as well as of the liabilities of the concern. Said exhibit to be presented to the Book Committee, and to the Conference at the annual meeting.

**ART. 9.** It shall be the duty of the Book Committee, upon consultation with the Agent, to fix the the prices at which our books shall be sold within our bounds; the per cent. to be allowed to wholesale purchasers; and they shall determine whether said purchasers may return the books not sold; also, if any shall be gratuitously distributed; they shall fix the salary of the Agent to be paid out of the business, and in all respects, direct the operations of the Agent, subject to the control of the Annual Conference.

**ART. 10.** This Constitution may be altered by a vote of the Annual Conference, at its regular meeting.

Since that time, the business of the Depository has been successfully conducted. The Agent has traveled through the Conference; as far as was consistent with his duty of superintending directly the book-selling department. He has thus, by personal application, added something to the cash capital of the Depository, and has been aided in this work also, by some of the Presiding Elders.

He has also done what he could during these visits to various points, to interest the preachers in selling and the people in buying books. He has thus diligently fulfilled, as far as possible the duty contemplated by the Committee, though it involved the contradiction of requiring his service as a travelling Agent to collect money, and as a stationary book-seller. The incongruity of these offices has received the attention of the Executive Committee, as appears from their report herewith submitted, from which also the Conference may learn what the business of the Depository has been, and what is its present condition. That Committee says:

**REPORT OF THE EXECUTIVE COMMITTEE OF THE GEORGIA CONFERENCE BOOK DEPOSITORY.**

The Committee met in Macon, this December 8th, 1859, and after examining into the affairs of the Book Depository, submit the following Report:

The Committee have met quarterly, during the Conference year, and examined the books of Rev. J. W. Burke, Agent, and have found the same to be correct and kept in business like manner.

We find the Depository to have been managed with a success that has exceeded our most sanguine anticipations, as will appear by the Agent's report, which is herewith submitted.

## REMARKS.

In the foregoing statement, everything has been put at the lowest cash valuation, so that the assets stated may all be regarded as available, and fully adequate to meet in due time all liabilities. Considering the fact that the business was commenced without capital, and with but about *four thousand dollars* of assets, only part of which was available, the indebtedness is small for the amount of business done.

Hoping the statement may be regarded with satisfaction, I am,  
Yours, Truly,

JOHN W. BURKE, Agt.

While we are pleased with the success of the business, we think it might be greatly increased if the Preachers would send all their orders for books to this Depository, and use more effort to extend the circulation of our books. The Committee are satisfied from the success of the business, that the Depository has been properly located in Macon. We do not think that the Conference could have selected a better Agent for the Depository, than the present incumbent, and we unanimously recommend that he be reappointed. We think that he possesses, in an eminent degree, all the qualifications necessary to conduct the enterprise with energy, prudence and success.

In view of the increased business, the importance of the Agent remaining at the Depository, and the necessity of raising an increased capital for the same, we recommend that a travelling Agent be appointed. If this suggestion meets the concurrence of the Conference, and an active and efficient Agent be appointed, we believe that he could raise a sufficient amount to place the Depository in a successful and satisfactory condition, during the next year. With the present capital, and an addition to it of seven thousand dollars, the Depository could supply all the wants of our people. All of which we respectfully submit.

J. BLAKELY SMITH,	} Ex. Committee.
T. M. FURLOW,	
ROB'T. A. SMITH.	

Your Committee fully agree with the Executive Committee, in the opinion that the capital of the Depository should be increased, and that an additional Agent should be appointed, who shall travel through the Conference to collect funds for a capital, and to urge

and aid in the extensive circulation of our Church Literature. Your Committee desire also, the re-appointment of Bro. Burke, to have charge of the sales department in Macon. We therefore submit the following Resolutions;

1. *Resolved*, That the Presiding Bishop be requested to re-appoint J. W. Burke, Book Agent.

2. *Resolved*, That the Presiding Bishop be requested to appoint an additional Agent to travel through the Conference, to take up collections, and to promote the interests of the Depository.

Respectfully submitted.

W. J. PARKS, Ch'm'n.

We have received no report from the Missionaries serving Troup Colored Mission, nor Palmetto Colored Mission.

The Board of Managers of the Georgia Conference Missionary Society would return most devout thanks to Almighty God, for the preservation of the lives of *all the Missionaries* in the bounds of the Georgia Conference during the past year, and for the more than usual measure of success which has attended their labors.

Whilst there are these causes for gratitude and congratulations, there is also a pleasing evidence, manifested by the past year's collections of the continued and increasing interest which our membership feels in the great and noble objects for which the Missionary Society of the M. E. Church, South, and our own Missionary Society were organized; namely, the preaching of the gospel to the poor and neglected—the negro and the Indian, and the recovery of the heathen world to the knowledge and the love of God.

By reference to the past four years, we find that our collections were, in 1854, \$16,871 15; 1856, \$21,615 94; 1858, \$23,145 03. Showing the gratifying increase of nearly fifty per centum in five years; and in connexion with this increase the additional fact, that whereas we did but a few years ago barely support the missions within our own bounds—sometimes indeed were compelled to assume the humiliating posture of begging from our parent society the means of supporting some of these—(whilst of course we gave nothing toward the support of the Missionaries in the foreign field:) *now*, we support those who preach to our negroes and poor, and also contribute a small amount to the support of the Indian, German and other domestic missions beyond our boundaries and to the China Mission.

But with the flattering exhibit before us, we are compelled to ask, are we doing our whole duty as preachers and people to the cause of Domestic and Foreign Missions?

Are 50,000 Methodists in one of the richest Conferences in the Church, South, meeting the demands of God and the claims of men by paying \$23,000 into the treasury of the Missionary Society? If not, where is the blame? Are the consciences of the people enlightened by instructive pulpit and pastoral efforts? Can it be possible that this is done, and yet such comparatively meagre results are seen? Let us think of the claims of humanity at home and abroad upon us; enlighten ourselves as to our wants, and press the duty of giving as the Lord hath given ability upon our members and congregations, until our collections shall be increased *ten fold*.

Much is yet to be done, even within the limits of the Georgia Conference, before the perishing white and black man shall have the word of life. If so with us, how must it be with our younger and less wealthy or more unsettled Conferences?

Besides this, the poor Indian pleads for our compassion, as we cultivate lands once his own, and tread upon the soil where lie buried his kindred. And as we look forth upon "*the world*," "Say not ye, there are yet four months and then cometh the harvest, for behold! lift up your eyes and look on the fields; *they are white already to the harvest*—and he that reapeth receiveth wages and gathereth fruit into *life eternal*," (John, 4: 35, 36.) Yet, how little we are doing as a Conference or as a church for the world beyond our limits?—Does, *can* the China Mission clear us of guilt, whilst the *world is our parish* and we are to preach the gospel to every creature, whom by our means we can reach.

Think of what other Churches in these United States are doing for Domestic and especially for Foreign Missions. Think of the Northern M. E. Church, sending its Missionaries to China, India, to Bulgaria, to Germany, and to South America, whilst it neglects not its own poor.

May the Searcher and Enlightener of hearts teach us our duty and give us grace to discharge it—not grudgingly, but cheerfully—for the *Lord loveth a cheerful giver*.

#### RESOLUTIONS.

Whereas, it is believed, by many members of this body that inasmuch as we now have under our care and patronage, so many colleges, and other interests, such as Sabbath-schools, The Missionary Society, The Preacher's Aid Society, The Fund of Special Relief, etc., etc., to look after by which of necessity a large amount of the time of the Conference is taken up in *financial* and *business* matters, which, although important in themselves, and perhaps essential to our success as a Church, do nevertheless very much encroach on the time that otherwise might be, and in fact that ought to be given to looking more closely into the *spiritual* condition and wants of our Church, we deem it important, *very* important, that some remedy be applied by this body so that if the evil complained of cannot be entirely cured, it may at least be greatly abated. "This if done, may and doubtless will result in great spiritual good both to the ministry and membership of the Church in our bounds." To accomplish this desirable object, we whose names are hereunto affixed, being members of this body, do ask the Georgia Conference now assembled, to concur in and adopt the following resolutions :

1. *Resolved*, That the Georgia Conference will, and they do hereby set apart the 8th day, viz: Wednesday of each succeeding Annual Conference, exclusively to consider, look into and endeavor to devise means to promote the spiritual condition of our Church in our bounds, and that on said day the Presiding Bishop be requested to address the Conference after the reports of standing Committees, as provided for hereafter shall have been made, on such topics as he may judge most appropriate, and as may best subserve the ends herein contemplated.

2. *Resolved*, There be a standing Committee appointed by this Conference composed of members of this body corresponding in number with the number of P. E. districts in the Conference, to whom all the reports contemplated in the following resolutions, shall be made in

writing by the close of the 4th day of each session, and that said standing Committee shall receive and examine such reports, and shall from materials thereby furnished, prepare and present on the Wednesday above specified a report to this body the better to enable the Conference to judge of the true spiritual state of the Church, and to aid in devising and recommending plans to promote its interests, said Committee shall also be expected to prepare business, make recommendations, and if need be, prepare resolutions for the action of the body on that subject only.

3. *Resolved*, That by the close of the 4th day of the session of the Conference, the following reports, from the following sources be handed in and that the Committee report to the Conference, the name—without comment—of each one who fails to render in his report in the time specified, viz :

1. Each *Presiding Elder* shall report the number of sermons preached by him at his quarterly meetings, and the number preached at other times and places. The number of quarterly meetings to be held in his district during the year and the number he has presided over, the number of families visited by him pastorally. The number of times he has administered the sacrament of the Lord's Supper. Also the number of Sabbath-schools he has visited and encouraged with his presence and counsels.

2 *Every Agent* shall report the number of sermons he has preached. The number of families visited where he has prayed with them. The number of times he has administered or aided in so doing the sacrament of the Lord's Supper.

## RESOLUTIONS OF BOARD OF MANAGERS OF SUNDAY-SCHOOL SOCIETY.

By a resolution passed at its Annual Meeting in December, 1851, the Treasurer is authorized to grant a donation of books to the value of \$5, to any Sabbath-school which a Quarterly Meeting Conference might recommend as needing such a donation. And at its meeting on December 27th, 1853, it was further

*Resolved*, That hereafter the Treasurer be authorized to grant \$10 worth of books to any new Sunday-school, in a destitute neighborhood, any three of whose teachers shall pledge themselves to keep it up, without suspension, during the winter months, for five successive years.

(To these resolutions we must adhere in making donations.)

At the recommendation of the Board of Managers of the Sunday-School Society, the following resolutions were adopted:

*Resolved*, That a collection be taken up on all the Stations and Circuits in the month of March, or before, for Sunday-school purposes in the Georgia Conference, to be remitted to the Treasurer of the Sunday-School Society, J. Blakely Smith.

*Resolved*, That we constitute this Society auxiliary to the Sunday-

School-Society of the Methodist Episcopal Church, South, established by the last General Conference ; and that we transmit to the Parent Society one-fifth of our general collections.

*NOTE* :—This resolution has reference to the standing order of Conference requiring collections for the Sunday-School Society to be taken up in March, all of which are to be forwarded to J. Blakely Smith, at Macon, who will transmit to the Treasurer of the Parent Society, at Nashville, the required one-fifth.

*Resolved*, That the Constitution of the Society be so changed as to require each member to pay fifty cents annually as the consideration of membership therein.

*Resolved*, That the Constitution be so changed as to render the Board permanent in office ; and at the recommendation of the Board, the Conference fill any vacancy.

### RESOLUTIONS.

*Resolved*, That all preachers who are not present, to stand their examination, be required to be examined before two Committees at the following Conference.

*Resolved*, That it be the duty of the P. Elders to make diligent efforts to raise a fund for the augmentation of the cash capital of the Publishing House, until the pledge made at the session of the Georgia Annual Conference, December 1858, be fulfilled ; and that the amounts be distributed to the districts according to the assessment of the Board of Finance.

*Resolved*, That the older members of this Conference coöperate with the members of the S. C. Conference, in gathering up statistics and reminiscences of early Methodism, and furnish the same to the Historical Society of the South Carolina Conference.

---

### FAST DAYS.

*Resolved*, That the first Friday in May and September, be observed as days of fasting and prayer throughout the Conference—the first with special reference to the Missionary cause and the revival of the work of God throughout the connection ; and that of September with special reference to our Literary Institutions.
